

as 32.(New) The air-conditioning apparatus according to claim 2, wherein the channel pressure of the supply air provided into a room, rooms or room zones is raised or lowered depending on the difference between the actual room temperature and the air supply temperature, and also on difference between the actual room temperature and the desired room temperature.

#### REMARKS

In making the amendments care has been taken to ensure that the claims remain supported by the specification and that no new matter has been added.

If there are any fees due in connection with the filing of this response, please charge these fees to our Deposit Account No. 50-0305. If a fee is required for an extension of time under 37 C.F.R. §1.136, such an extension is requested and the fee should also be charged to our Deposit Account.

Respectfully submitted,

By:
